On July 24th and 25th (weather permitting) with rain dates of July 26th and 29th during the hours of 6:30 a.m. to 5:30 p.m. the above listed street is scheduled for a roadway paving process known as FB Modified Pavement Resurfacing. The road will be closed during the paving process. If possible, please refrain from using the road to provide safety for you and our workers. After the paver passes your driveway, you will not be permitted to enter or exit your driveway until the material has been compacted, approximately 1-2 hours, and if you must use the road after it has been compacted; please drive very slowly to avoid damage to the road surface and/or your vehicle. For the first few months the paving material will be tender, to avoid damage please drive with care and DO NOT sit stationary while turning the steering wheel both entering or exiting your driveway.

Your Township Public Works Department and Asphalt Maintenance Solutions, LLC. look forward to providing you with a new road and thank you in advance for your cooperation.
