Inspection Checklist for Host Municipality Inspectors

for

MUNICIPAL WASTE LANDFILLS

Inspector Name: Joseph Black

Inspection Date

Start Time: 10:45AM Finish Time 12:45PM

Facility/Address: Chrin Brothers Sanitary Landfill, 1225 Industrial Drive, Easton, PA 18042 (Williams Township) Facility Contact(s)/Phone Number(s): Joe Klobusicky 484-221-4626 and Greg Chrin; 610-258-8737

DAILY OPERATION REQUIREMENTS	Yes	No	NA	ND	COMMENTS/NOTES
1) Trucks using designated roads/approved parking areas per permit	X				
Operations conducted during permitted operating hours	X				
3) Access controlled per plan	X				Facility is fenced with locks for gates
4) Access road(s) maintained (erosion, dust, litter, mud etc.) per plan	X				*
5) Waste measured according to approved plan					Certified vehicle scales are utilized
6) Vehicles directed promptly to unloading area	X				, Stage 9A-B
7) Vehicles promptly unloaded	X				
8) Inspection procedures implemented for prohibited wastes per plan	X				
9) No unapproved wastes	X				
10) Solid waste spread and compacted into layers per plan	X				
11) Procedures followed within 1st 8 ft. to protect liner/protective cover	X				Spotters in place
12) No waste <25 ft. from edge of liner, 4 ft. berm, edge marked, etc.			′	X	
13) Procedures followed for special handling and residual wastes				X	4
14) No open burning	X				/
15) Fugitive dust emissions minimized and controlled per plan	X				
16) Vectors minimized and controlled per plan	X				
17) Odors minimized and controlled per plan	X				
18) Other nuisances minimized and controlled per plan	X				None
19) Litter minimized and controlled per plan	X				
20) Daily waste acceptance < average 1,500 tons Maximum daily vol.	X				Approx.658 tpd currently
21) Radiation monitoring system operational	X				
22) Radiation protection action plan followed as appropriate				X	
23) Approved daily cover used at end of day or within 24 hours				X	
24) Vegetation established and maintained per plan	X				
25) Surface and groundwater pollution discharges prevented/controlled				X	
26) Water treatment facilities operated and maintained				X	
27) Soil and erosion control BMPs are maintained per plan				X	
28) Sedimentation and discharge structures operated and maintained				X	
29) Flow from leachate collection system monitored daily				X	
30) Leachate treatment facilities operated and maintained	X				
31) Landfill gas controlled per plan	X				
32) Daily operational records being made and maintained (i.e. waste	X				A
received, problems, violations, rejected loads, radioactive mat., overweight trucks, etc.)				96	trucks in Mayoverweight no rejections
33) Cost effective recyclable materials are being salvaged	1	T	X		I
34) Salvaged materials are stored in an approved area		†	X		
35) Recyclable materials collection center maintained	X		1		
36) No immediate threats to public health and safety	X	1

Note: Inspection participants

Inspector Signature: Joseph Black

Date 06/20/2024

37) Proper signs posted (Identify facility and recycling drop-off center) 38) Grid coordinate system and permit areas clearly marked 39) Site perimeter clearly marked 37) Site perimeter clearly marked 38) Site perimeter clearly marked 39) Site perimeter fences and barriers in place and maintained 30) Seale conforms with Consolidated Weights and Measures Act 31) Adequate equipment on-site and stand-by equipment available 32) Scale conforms with Consolidated Weights and Measures Act 33) Adequate equipment on-site and stand-by equipment available 34) Fences or other barriers to control litter are constructed per plan 35) Radiation monitoring system constructed per plan 36) Daily and intermediate cover material conforms with plan 37) Final cover conforms with plan 38) Soil and erosion control BMPs implemented per plan 39) Sedimentation ponds constructed per plan 39) Sedimentation ponds constructed per plan 31) Subbase constructed according to regulations 31) Leachate detection system installed per regulations 32) Secondary liner constructed per regulations 33) Leachate detection system installed per regulations 34) Primary liner constructed per regulations 35) Protective cover constructed per regulations 36) Leachate collection system installed according to regulations 37) Leachate storage impoundments constructed per regulations 38) Leachate treatment system constructed per plan 39) Wastewater treatment equipment constructed per plan 39) Wastewater treatment equipment constructed per plan 30) Groundwater monitoring wells installed per plan 31) Landfill gas collection and destruction system constructed per plan 31) Landfill gas collection and destruction system constructed per plan			X X X X X X X X	Plans previously approved by DEP Plans previously
39) Site perimeter clearly marked 40) Perimeter fences and barriers in place and maintained X 41) Access roads properly designed and constructed per plan 42) Scale conforms with Consolidated Weights and Measures Act X 3) Adequate equipment on-site and stand-by equipment available X 44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan X 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plan 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
40) Perimeter fences and barriers in place and maintained 41) Access roads properly designed and constructed per plan 42) Scale conforms with Consolidated Weights and Measures Act 43) Adequate equipment on-site and stand-by equipment available 44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan 45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plan 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
41) Access roads properly designed and constructed per plan 42) Scale conforms with Consolidated Weights and Measures Act 43) Adequate equipment on-site and stand-by equipment available 44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan 45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per glan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
42) Scale conforms with Consolidated Weights and Measures Act 43) Adequate equipment on-site and stand-by equipment available 44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan 45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
43) Adequate equipment on-site and stand-by equipment available 44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
44) Fences or other barriers to control litter are constructed per plan 45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
45) Radiation monitoring system constructed per plan 46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X X	approved by DEP Plans previously approved by DEP
46) Daily and intermediate cover material conforms with plan 47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per plan 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X	approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP
47) Final cover conforms with plan 48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X X	Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP
48) Soil and erosion control BMPs implemented per plan 49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X	Plans previously approved by DEP
49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X	Plans previously approved by DEP
49) Sedimentation ponds constructed per plan 50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X X	approved by DEP Plans previously approved by DEP
50) Discharge structures constructed per plan 51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X	approved by DEP Plans previously approved by DEP
51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X	Plans previously approved by DEP
51) Subbase constructed according to regulations 52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X	approved by DEP Plans previously approved by DEP
52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X	Plans previously approved by DEP
52) Secondary liner constructed per regulations and approved plan 53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X X X	approved by DEP Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP
53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	Plans previously approved by DEP Plans previously approved by DEP Plans previously approved by DEP
53) Leachate detection system installed per regulations 54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	approved by DEP Plans previously approved by DEP Plans previously approved by DEP
54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	Plans previously approved by DEP Plans previously approved by DEP
54) Primary liner constructed per regulations and approved plans 55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	approved by DEP Plans previously approved by DEP
55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan				Plans previously approved by DEP
55) Protective cover constructed per regulations 56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan				approved by DEP
56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	
56) Leachate collection system installed according to regulations 57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			А	
57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan				
57) Leachate storage impoundments constructed per regulations 58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per discharge permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan		l .	1	approved by DEP
58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per <u>discharge</u> permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	Plans previously
58) Leachate treatment system constructed per plans 59) Wastewater treatment equipment constructed per <u>discharge</u> permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan				approved by DEP
59) Wastewater treatment equipment constructed per <u>discharge</u> permit 60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	Connected to city sewer
60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan			X	Plans previously
60) Groundwater monitoring wells installed per plan 61) Landfill gas collection and destruction system constructed per plan		ļ		approved by DEP
61) Landfill gas collection and destruction system constructed per plan			X	Plans previously
61) Landfill gas collection and destruction system constructed per plan		ļ <u> </u>		approved by DEP
			X	Plans previously
